

HISTORY OF DEPARTMENT OF AQUATIC RESOURCE MANAGEMENT (MSP)

In 1981:

In IPB's Faculty of Fisheries, MSP Department was formed, which was a combination of Department of Fisheries Biology and Department of Hydrobiology.

In 1983:

Kepmendikbud's Decree No. 0546/0/1983 stipulated de jure the establishment of MSP Department, which was equipped with four laboratories, namely Limnology, Oceanography, Hydrobiology and Fisheries Resource Management. De facto MSP Department together with Department of Aquaculture (BDP) established Aquatic Science Program (AIR) for Master's and Doctoral strata (S2 and S3).

In 1985:

Kepmendikbud No. 0110/0/1985 renewed Kepmendikbud Decree No. 0546/0/1983.

In 1993:

Decree of the Director General of Higher Education No. 0584 / Dikti / Kep / 1993 dated October 2, 1993 stipulated de jure the establishment of Aquatic Science Program (AIR) for Master's and Doctoral strata (S2 and S3).

In 1996:

Study Programs of Coastal and Marine Resources Management (PS SPL) for S2 and S3 were opened.

In 1999:

Director of Graduate School by the Decree of the Director of Graduate School of IPB No. 053 / K13 / HK / LL / 1999 stipulated the home base of aquatic science courses was in the Department of BDP-IPB FPIK, transferring Oceanographic Laboratory to the Department of ITK. MSP Department lab had to organize the Laboratory into three, namely the Laboratories of Productivity and Aquatic Environment, Laboratories Ecobiology and Conservation of Aquatic Resources and Laboratories Fisheries Resources Management.

In 2001:

Program Study of Coastal and Marine Resources Management (PS-SPL) was managed by MSP Department based on Rector's Decree No. 082 / K13 / KP / 2002.
